Factors for Frequency of the Meetings to Consider

Why a meeting every month?

International is more flexible on attending meetings and what is considered a meeting

New members

Hard to get a member to commit to a meeting every week at Noon or even at Night

Need consistency in frequency of meetings

Too confusing and complicated

1

Meetings every Thursday and a Board meeting on Tuesday

2

Two meetings a month

- Remaining meetings will be a Social Event and a Board Meeting

3

Two Meetings a Month and one Social event

- Front porch – have a social event at a members house

Frequency of Meetings

Meeting Times

1

Keep it the same

- 1st and 3rd Thursdays Night Meeting
- 2nd and 4th Thursdays Lunch Meeting
- 5th Thursday – Social Event

2

Lunch Meetings only

3

Lunch Meetings and the Last Thursday of the Month is a night meeting

Factors for
changing the
day

Either Day is ok

Work limitations

Friday's because it's the end of the week

Not Friday because I have commitments

Not Thursday because I have commitments

Convenience
