

Senior Citizens' Christmas Luncheons

On Friday, December 4, AVRC will once again provide Christmas lunches for approximately 200 senior citizens at the Southside Community Center located at 5585 Cottle Road at Poughkeepsie Road in South San Jose. In addition, we will provide approximately 220 meals for seniors at the Almaden Community Center/Library on the following Friday, December 11th.

We will need as many AVRC members, spouses and significant others to help serve. Should you be available to help, please arrive at 11:30 a.m. for a briefing to review the serving process. These events at both community centers have become enormously popular with the Seniors and we expect another full house.

Simonds School fourth and fifth graders will sing Christmas carols and many door prizes will be given away with Santa Claus also expected to be in attendance. Come help and enjoy the fellowship, Christmas spirit and experience Community Service at its best!
